

STATE OF MASSACHUSETTS

**DEPARTMENT OF TELECOMMUNICATIONS AND ENERGY
ONE SOUTH STATION
BOSTON, MA 02110**

COMPLAINT FILED BY PRISCILLA LEE,
PURSUANT TO G.L. c. 93, § 108 et seq.

Docket No. 03-04-25

**MOTION TO CONTINUE
OF AT&T COMMUNICATIONS OF NEW ENGLAND, INC.**

AT&T of New England, Inc. ("AT&T") hereby filed its motion to continue the hearing in the above referenced proceeding. The hearing in this matter has been scheduled for December 4, 2003, pursuant to the Department of Telecommunications and Energy Notice. AT&T hereby requests the Department to continue this case for one day, until December 5, 2003, or until such further date as the Department determines. As grounds for its Motion, AT&T states the following:

AT&T it is currently involved in a number of large proceedings, including the proceeding arising out of the FCC's *Triennial Review Order*, pending before the Department, and the respective regulatory authorities in other jurisdictions. These proceedings require substantial legal resources, above and beyond those customarily required for regulatory legal matters. Accordingly, AT&T would hereby request the Department to continue this case for one day, or until such further date as the Department determines, in order to allow attendance by an available AT&T attorney. As further grounds for its motion, AT&T states that the Complainant in this matter would not be

prejudiced by the brief continuance sought in this regard. AT&T states that it has contacted the Complainant in this matter and has requested assent to its motion. AT&T has yet to receive confirmation from Complainant whether or not such assent has been provided.

Respectfully submitted,
**AT&T COMMUNICATIONS OF
NEW ENGLAND, INC.**
